

Workplace Based Assessment (WBA) Management Software

Designed & Developed in Australia for Australian Teaching Hospitals

Simplify your administration process of the 360 Multi-Score Feedback Form with H.Prime

- Say goodbye to spreadsheets & paper clutter
- Save hours of manual work
- Setting-up bulk assessment requirements and rotations in minutes
- Handle the 360 Assessment process with ease
- Automated emails, reminders and alerts for the assessments
- One-click comprehensive reporting
- Mobile devices and iPad friendly
- Submit and sign-off assessment forms with your electronic-hand signature
- Export to PDF option after sign-off
- Manage events, seminars, workshops, sharing resources and communicate
- Manage your ePortfolio
- No more deciphering of doctor's handwritten comments for candidates

"We cannot thank your team enough, the huge improvements in H.Prime has dramatically reduced our workload and has improved the effectiveness of the WBA program. We hope many other providers will also get to benefit from this wonderful software.

Thank you, thank you, thank you!"

Nikita Sidhom, WBA Project Officer

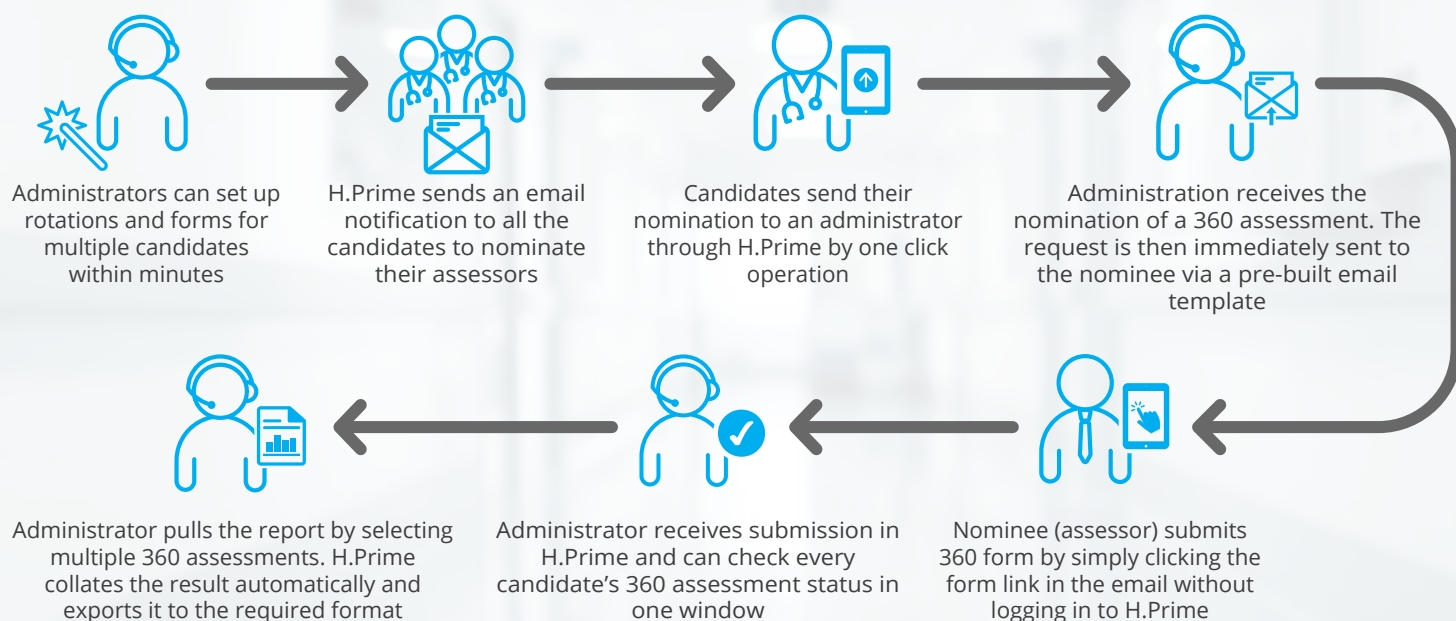

Plan > Assess > Manage > Track > Communicate

H.Prime reduces the administrative load of assigning and tracking assessment requirements. H.Prime is making it easier for Junior Doctors and Assessors to meet assessment requirements on time.

5 Star Rated Feedback

Abdulrahman Saadon

It's been very easy and convenient to use H.Prime for the assessments and for all components of the WBA program, thanks for all the hard work I've really found it easy, faster and more convenient than paperwork.

Dr Stephen

Well laid out and fields assessing the candidate easy to comprehend.

Jacinda Kirwan

I think this is a great form to provide feedback regarding the Doctors we work so closely with.

Binesh Gurung

User-friendly. Easy to use

Elizabeth Hindle

The form was well organised and easily understood
